RUNNERS

Sunday 12th September 2010

In the table below, the Time value will be either the finish time of the runner or (at the end of the table):

N/Runr- if the runner did not start the run.

Injured- if the runner withdrew from the run due to injury.

N/Time- if a marshal did not record the time the runner finished. This is usually due to a large number of runners all finishing together and some walking off before ensuring that a marshal has their time. (If the runner knows his time, he can send an email to have the table corrected). It may also be due to the runner not completing the run.
